Opportunities and Resources for Two-Year Colleges Federal Funding Report

Volume IX, No. 4

April 17, 2019

We regret that the monthly report we have provided free to two-year colleges across the country for the past many years will no longer be produced. With the very limited staff at our disposal the Nyquist Foundation will be restricting its future activities to grant-making and maintenance of the Nyquist-Harcourt Wildlife Sanctuary.

We hope that you have found the information provided useful and wish all of you involved in the arduous and important task of development every success.

**Dr. Thomas Nyquist, Chair
Thomas and Corinne Nyquist Foundation**
